These supplies will give the students a good start at the beginning of the school year. Supplies will probably run low at some point in the year. Please check throughout the year that your child has the supplies he/she needs to be a successful student.

Students will check out a computer from the school to utilize for all their classes at school and at home. Please keep in mind that all supplies will need to be transported from class to class every day as lockers will only hold coats, sports equipment and lunches. A rolling bag or basket will come in very handy for transporting class supplies and protect the laptop from damage.
